Experience

OCT 2018 - PRESENT

OpenTable, Restaurant Design Team

LEAD PRODUCT DESIGNER

Design Lead for enterprise software used by restaurants to manage their inventory, floor plan, reservations, and overall daily operations.

JAN 2018 - OCT 2018

Netflix, Studio XD

PRODUCT DESIGNER

Designer within the Studio XD, that develops the software and services that power the studio and creation of content behind Netflix Original and Licensed content. My focus involved designing apps that covered the areas of Subtitling, Quality Control and Dubbing.

JAN 2015 - DEC 2017

Technicolor, Post Production Services

UX DESIGNER

Designer of the User Experience and User Interface for an enterprise CMS, to automate and track facets of Technicolor's post production workflow. Duties involve meeting with Stakeholders, creation of Wireframes, High Fidelity Mockups, Customer Interviews and contribute code.
